

What is Via de Cristo?

Via de Cristo originated as Cursillo® in the 1940's in Majorca, Spain. Cursillo® (kur-see-yo) is a Spanish word for "short course." This powerful movement spread quickly and has been adopted by many different denominations around the world today and is known by many different names. (<http://cursillos.ca/en/liens.htm>).

The method is a structured three-day weekend designed to strengthen and renew the faith of Christian people and bring them to a new awareness of living in God's grace.

The Lutheran movement is called "Via de Cristo" meaning "Way of Christ" in Spanish. A Via de Cristo weekend begins on Thursday evening and ends on Sunday evening. The participants live, study, worship and commune together daily. Through 14 progressive talks, Via de Cristo gives attendees a living understanding of basic Christian truths. There is music and singing, food and fellowship, a time for laughter and a time for prayer.

Purpose of Via de Cristo

Via de Cristo is based on the fundamentals of Christianity, concentrating on the person and teachings of Jesus Christ. The focus is not on Via de Cristo itself, but on the local church. The objective of the movement is to inspire, challenge and equip individuals for Christian action in their homes, churches and communities.

Who should attend?

Via de Cristo is intended for people from every walk of life. It's for church leaders and lay people who live strong and active lives in Christ as well as those who need to be renewed and strengthened in their relationship with Christ and the people around them. Via de Cristo is open to married people and single men and women. The weekends are usually paired and run consecutively, with the men attending the first weekend and the women attending the second.

Keep an open mind and heart in making your decision to attend Via de Cristo. Like you, many attendees wondered if they should go. Once they did go, many have wondered why they waited so long. Now they want others to receive this wonderful gift from God. Please understand that each person's experiences are unique.
